

Dear Guest,

In these uncertain times surrounding Covid-19, the Mespil Hotel would like to reassure you of the measures in place throughout the hotel. The Mespil Hotel has put in place preparatory measures and guidance to assist employees and guests in minimising the potential risks posed to public health and to our business by the Coronavirus (Covid-19). The Mespil Hotel take standards for hygiene and cleanliness very seriously and are taking additional steps to ensure the safety of our employees & guests.

**To Prevent:**

- Promote regular handwashing. Posters are displayed throughout the hotel.
- Posters outlining the symptoms, risks and preparation needed have been placed in all public areas and hotel departments. Employees have increased the frequency of cleaning & disinfecting in public spaces.
- Sanitisers have been placed in public areas and back of house areas. There is a focus on “High Touch” areas such as entrances, locker rooms & staff offices.
- The hotel continues to carry out regular cleaning of public areas, elevators etc. to an excellent standard using disinfectant and designated chemicals.

**To manage:**

- The Mespil Hotel will continue with preventative measures (hand washing, respiratory hygiene, regular cleaning of surfaces and objects etc.)
- For the most up to date information please refer to The Department of Health website.

The Mespil hotel will continue to follow updates with any further developments.

The health & well-being of employees & guests is our highest priority whether you are travelling now or in the future.

Janet Moore,  
General Manager,  
Mespil Hotel.
